DUST CONTROL APPLICATION – 2023 SEASON

Product Used: Magnesium Chloride

- **Application and payment must be received in our office by April 28th.**
- Specific application dates are based on when the County has prepared the roads and authorized us to begin spraying. Dates are subject to change and are impacted by weather. The first application occurs Mid-May through Mid-June. The second is approximately 60 days after the first application.
- Applicant agrees to maintain flags to mark outer limits of the area to be treated. **Flags must be in place April 28th until October 31st.** Failure to do this could result in the area being bladed. Neither the County nor Heffron Services assume any liability if your flags are not in place. If area is not marked, drivers will either center on your house or use their best judgment for location.
- Our trucks are equipped with computer equipment that allows us to spray the exact amount of footage ordered. If your flags are set longer than the footage paid for, your dust control will not reach both flags. If your flags are set shorter than the footage paid for, your dust control will extend past your flags.
- The county reserves the right to blade the treated area to maintain the public safety. Your road will be bladed after October 1st.
- Heffron Services, Inc. does not guarantee the performance of the product due to factors such as weather, surface preparation, gravel materials, heavy traffic patterns and maintenance of the roadway.
- **Include payment with this application.** We will cash your check after the first application, or May 15th whichever is earlier.

After completing this permit, please return it to your contractor before the deadline. Your contractor will then send a copy to the Muscatine County Secondary Road Department for approval. If submitted before the deadline, this will also be the county's prompt to prepare the road as deemed necessary, which may or may not include blading and/or rock. Failure to timely submit an application and/or properly mark the treatment area may result in substandard dust control quality as the county may deem it necessary to disturb the treated area. Permit applications submitted after the deadline will be subject to a \$10.00 fee, made payable to Muscatine County Engineer, 3610 Park Ave West, Muscatine IA 52761.

I, the applicant, have contracted with the above contractor to apply a dust control product to a Muscatine County Road. **I have read the Muscatine County Dust Control Regulations** and am aware that the County may, at any time deemed necessary, blade through this dust control spot or add rock. **I am also aware that in October my dust control spot will be bladed or rocked as needed for winter preparation.**
